

## Watch Sharon Jones Discuss Cancer Battle on “The Dr. Oz Show”

She also gives out her green food smoothie recipe

by Matthew Strauss

Sharon Jones was a guest on today's episode of "The Dr. Oz Show." She and Dr. Oz discussed her ongoing battle with cancer, as well as her new documentary *Miss Sharon Jones!* She said she thought 2014's *Give the People What They Want* would be her final album, and talked about touring with Hall and Oates. Her naturopathic doctor **Gabrielle Francis** also made an appearance to discuss Jones' diet and health regimen. Watch the segment here, and check out Sharon Jones' green food smoothie recipe.

Earlier this week, Jones had to cancel her planned performance at the White House and SXSW's music festival South by South Lawn. She explained that she was at home in Georgia "recovering from pneumonia."
